### **Penthouse package to tempt purchaser**

Just a few weeks after launching, four out of nine apartments are reserved at Henley-on-Thames' newest gated development, on the market through Savills.

One of the properties still available at Boughton House, in Green Lane, is the £585,950 penthouse, which occupies the whole of the top floor. It has separate living and family rooms, two bathrooms, two bedrooms and a fully fitted kitchen and the developer, Court Park Properties, is offering a special interior design consultation package as part of the deal. Worth around £10,000, the package can include a combination of consultancy and/or additional items such as flooring, lighting and window dressings.

Savills' head of new homes, Karen Mole says: "The developer is offering a great opportunity for someone to add their own personal touches to this gorgeous penthouse, with guidance from the top interior designer Lesley Ann Gentry. The buyers will be the envy of friends and neighbours alike."

Four other 2-bedroom apartments remain on the first floor, all similar in size and design, at prices ranging from £320,950 to £335,950. All have designer kitchens and bathrooms, built in wardrobes and many other top of the range features.

Each apartment comes with two parking spaces and there is one space for disabled parking. Security is a top priority, with access to the gated site from Green Lane via an audio entry system, and the apartments are pre-wired for a burglar alarm. The development sits within mature grounds and is just a 15 minute walk from the town centre and station, with local shops even closer.
